Percentage   : 70%

Qualification   : Madhyamik (10th)
Board/University   : WBBSE
Year   : 2022
Percentage   : 64%

Work Experience

1. AI Content Training Assistant
Company: Freelance Project with Content Creators (Remote)
Duration: February 2025 – July 2025

Responsibilities:
• Assisted AI training by reviewing and correcting AI-generated stock image tags, captions, and content summaries
• Verified content accuracy for Bengali and Hindi stock categories
• Provided language-specific feedback to improve naturalness of AI-generated outputs
• Helped create structured data inputs for AI learning models
• Collaborated with content creators to enhance AI's visual understanding and tagging logic
• Worked remotely, managing deadlines and ensuring task quality

2. Content Intern
Company: Josh Talks (Remote Internship)
Duration: November 2023 – February 2025

Responsibilities:
• Supported the content team in curating and reviewing short-format educational scripts
• Helped in proofreading and optimizing video transcripts for AI voiceovers
• Coordinated with editors to finalize content suitable for regional audience (Bengali & Hindi)
• Gained exposure to content structuring techniques used in AI-driven speech training
• Maintained content quality standards under mentorship of Josh Talks creators

◆ Work Readiness

Available for immediate remote work

Flexible work hours (up to 5 hours/day)

Willing to go through project-specific exams and training

Open to long-term engagement

◆ Additional Information

Not currently enrolled in college

Ready to relocate if required in future

Interested in roles involving technology, AI, and data management

Declaration

I hereby declare that all the above information is true to the best of my knowledge.
